Re: DotAsia IDN Registrations

Dear Kurt Pritz,

I am writing this letter on behalf of DotAsia Organisation to respectfully seek authorization from ICANN to begin accepting Internationalized Domain Name (IDN) registrations, as well as to express DotAsia's continued commitment towards the development and adoption of IDN in a standards compliant approach.

The DotAsia Community has been active pioneers, proponents, contributors and advocates of IDN since its inception. DotAsia is supportive of and is committed to adhering to as well as continuing to contribute to the development of relevant IDN standards and the ICANN IDN Guidelines.

Thank you, and we look forward to your confirmation.

Sincerely,

Edmon Chung
Chief Executive Officer
DotAsia Organisation

CC: Craig Schwartz, Chief Registry Liaison
Tina Dam, IDN Program Director
