Dear Mr. Beccalli:

The Week of Information and Communication Technologies of Uzbekistan - ICTWEEK UZBEKISTAN - is a large and important event that has been held on an annual basis since 2004 in the field of information technologies in Uzbekistan. In the period from October 24-27, 2022, the ICTWEEK UZBEKISTAN event had been successfully held in the city of Samarkand. By tradition, this event combined a number of specialized events into a single format.

On behalf of the Single Integrator "UZINFOCOM", I would like express my sincere gratitude for your participation and support. Thanks again for sharing your information technology knowledge.

We look forward to continue our mutually beneficial cooperation in the future. We wish ICANN development and achievement of new heights in the field of information and communication technologies.

Sincerely,

E. Gimranov

General Director
