Subject: Whois inaccuracy

In light of your comments to the GAC today, thought you might be interested in a blog and report we just published on Whois inaccuracy. It describes the obligations and how we enforce them. It also addresses the impact of the GDPR on processing Whois inaccuracy complaints. The blog is at <https://www.icann.org/en/blogs/details/enforcement-of-registration-data-accuracy-obligations-before-and-after-gdpr-14-6-2021-en> and the report is at <https://www.icann.org/resources/pages/registration-data-accuracy-obligations-gdpr-2021-06-14-en>.

Hope you find these helpful. Thanks.

Best,
Jamie
