Subject: ICANN Organization Contact Update Project

Dear Registry Operator,

The ICANN organization maintains a database of contact records for registry operators. To ensure we have the most current information for your organization, we kindly request your assistance to validate the contact information currently on file.

There is no immediate action required from you, but in the coming weeks, you will receive an email from the Global Support Center requesting that you access a case in the GDD portal. The case will have an attachment listing the current information for the contacts on record and will request that you validate the information in the attachment. Further instructions will be included in the case.

We will be executing this effort in phases beginning 7 June 2017 through 25 September 2017. Due to this phased approach, you may not hear from ICANN on this matter for several weeks.

If you have any questions regarding this outreach project, please either open a case via the GDD portal or email globalsupport@icann.org.

Your assistance with this effort is greatly appreciated.

Best regards,

Michaela Quinzy
