

Dear colleagues,

This message is to inform you that the following IP address(es) have been removed from ICANN's Registry SLA monitoring list at the [RRI probe node list interface](#). As a result, the IP addresses are no longer required to monitor your TLD(s).

138.59.19.12/32
2803:6900:561:1:92b1:1cff:fe59:84/128

Also, the below IP address(es) have been added at the [RRI probe node list interface](#); however, we are not using the monitoring from the new IP address(es) until 07 August 2023.

103.219.169.15/32
2605:6440:e000:0:103:219:169:15/128

Please update your systems allowing access to the new IP address(es). This is required to monitor your TLD(s) to work as described in Specification 10 of your Registry Agreement.

For any questions, please contact [ICANN Global Support](#).

Best regards,

Technical Services Team
Global Domains and Strategy
