<sup>1</sup> The Cooperative Engagement Process (CEP) is a process voluntarily invoked by a complainant prior to the filing of an Independent Review Process (IRP) for the purpose of resolving or narrowing the issues that are contemplated to be brought to the IRP. (*See* Bylaws, Art. 4 § 4.3(e).) The requesting party may invoke the CEP by providing written notice to ICANN, noting the invocation of the process, identifying the Board action(s) at issue, identifying the provisions of the ICANN Bylaws or Articles of Incorporation that are alleged to be violated, and designating a single point of contact for the resolution of the issue. Further information regarding the CEP is available at: <https://www.icann.org/en/system/files/files/cep-11apr13-en.pdf>.
