

Dear Registry Operator/Registrar,

The Naming Services Portal (NSp) will be receiving a platform upgrade in the near future. Therefore, beginning 13 February 2024, system emails from NSp will come from the subdomain @nsp.icann.org, rather than the typical @icann.org.

There will be no change to the email addresses you use when you send a communication to @icann.org, such as globalsupport@icann.org.

REQUEST: Please add @nsp.icann.org to your whitelists and spam filters to allow you to continue to successfully receive emails from ICANN.

If you have any questions, please contact [ICANN Global Support](#).

Best Regards,

ICANN
